

WORK ZONE SAFETY TIPS

The Missouri Department of Transportation is concerned about the safety of the traveling public and construction workers. Please **BE ALERT** and **THINK SAFETY** at all times when driving in all construction work zones. MoDOT wants to make all work zones safe while reducing delays and inconvenience to the traveling public.

MESSAGE SIGNS: Electronic changeable message signs will be placed at strategic locations to provide you with timely information about traffic at the construction site.

SPEED LIMITS: The speed limit will be posted in the construction work zone. Motorists who speed or pass in an active Missouri work zone can be fined a minimum of \$250. Motorists who both pass and exceed the speed limit in an active work zone could receive an additional \$250 fine for each offense, in addition to other imposed fines. Even if workers are not present in a work zone, motorists can be fined an additional \$35 for speeding in work zones on city, county, and state roads.

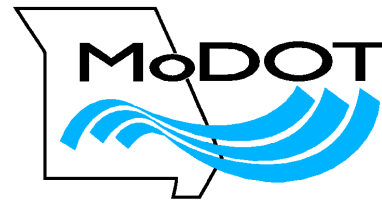

TRAFFIC FLOW: Traffic will be restricted to one lane in each direction. Motorists will be separated by reflective warning devices, but extreme caution is necessary when traveling through the project.

2 HOUR DELAYS ON I-44!

HOW TO AVOID THEM!

Construction Delays!

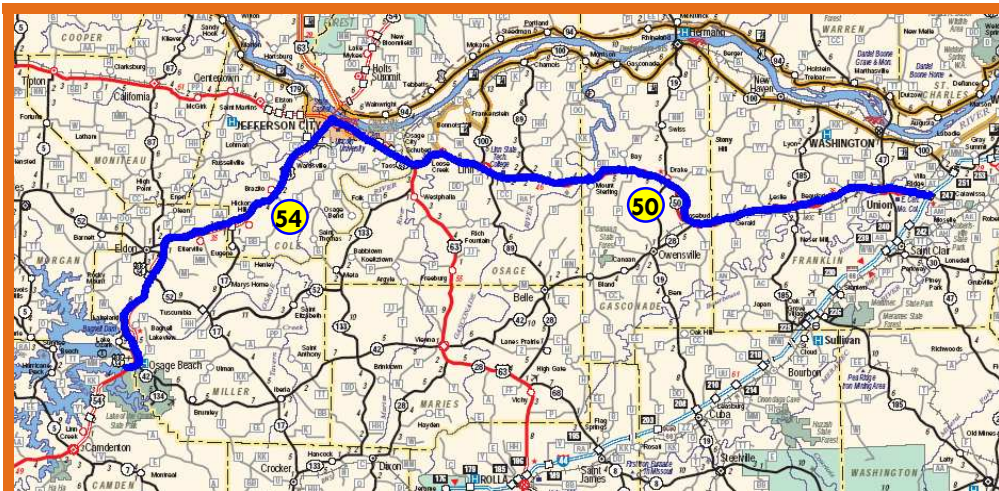

Available Options . . . WHAT CAN I DO TO AVOID THE HIGHWAY CONSTRUCTION?

We are currently experiencing **delays of up to 2 hours in the westbound direction** on Friday and Saturday afternoons and evenings from 2 p.m. to 8 p.m. We are also experiencing **delays in the eastbound direction of at least 2 hours** on Sunday afternoons and evenings from 1 p.m. to 9 p.m. We request that you review your travel times as well as your transportation routes to keep out of this area as much as possible, especially during the times listed.

ST. LOUIS TO LAKE OF THE OZARKS

Eastbound Traffic – Route 54 East to Route 50 East.

Westbound I-44 Traffic—Exit 247 to Route 50 West. Take Route 54 West to Lake of the Ozarks.
